accommodations

All Star - Philippines is a 118 foot luxury yacht designed with your comfort in mind. Ten spacious cabins accommodate up to 21 guests with all of the conveniences you expect. Decorated in a modern retro-chic style all cabins have private baths. The cabins are divided between three decks providing ample space for relaxing and socializing between dives. Stella Maris Explorer offers both deluxe and premium economy cabins with twin, queen or double beds available and all offer memory foam mattresses and pillows for some of the best sleep you will find on a dive liveaboard.

The bridge deck has a spacious salon, the living and dining areas and includes a large TV for relaxing and socializing between dives. The top relaxation deck offers chairs and lounges in both direct sun and the shade to soak up the sun, read a book or catch the sunset while enjoying a cocktail at the end of the day.

diving

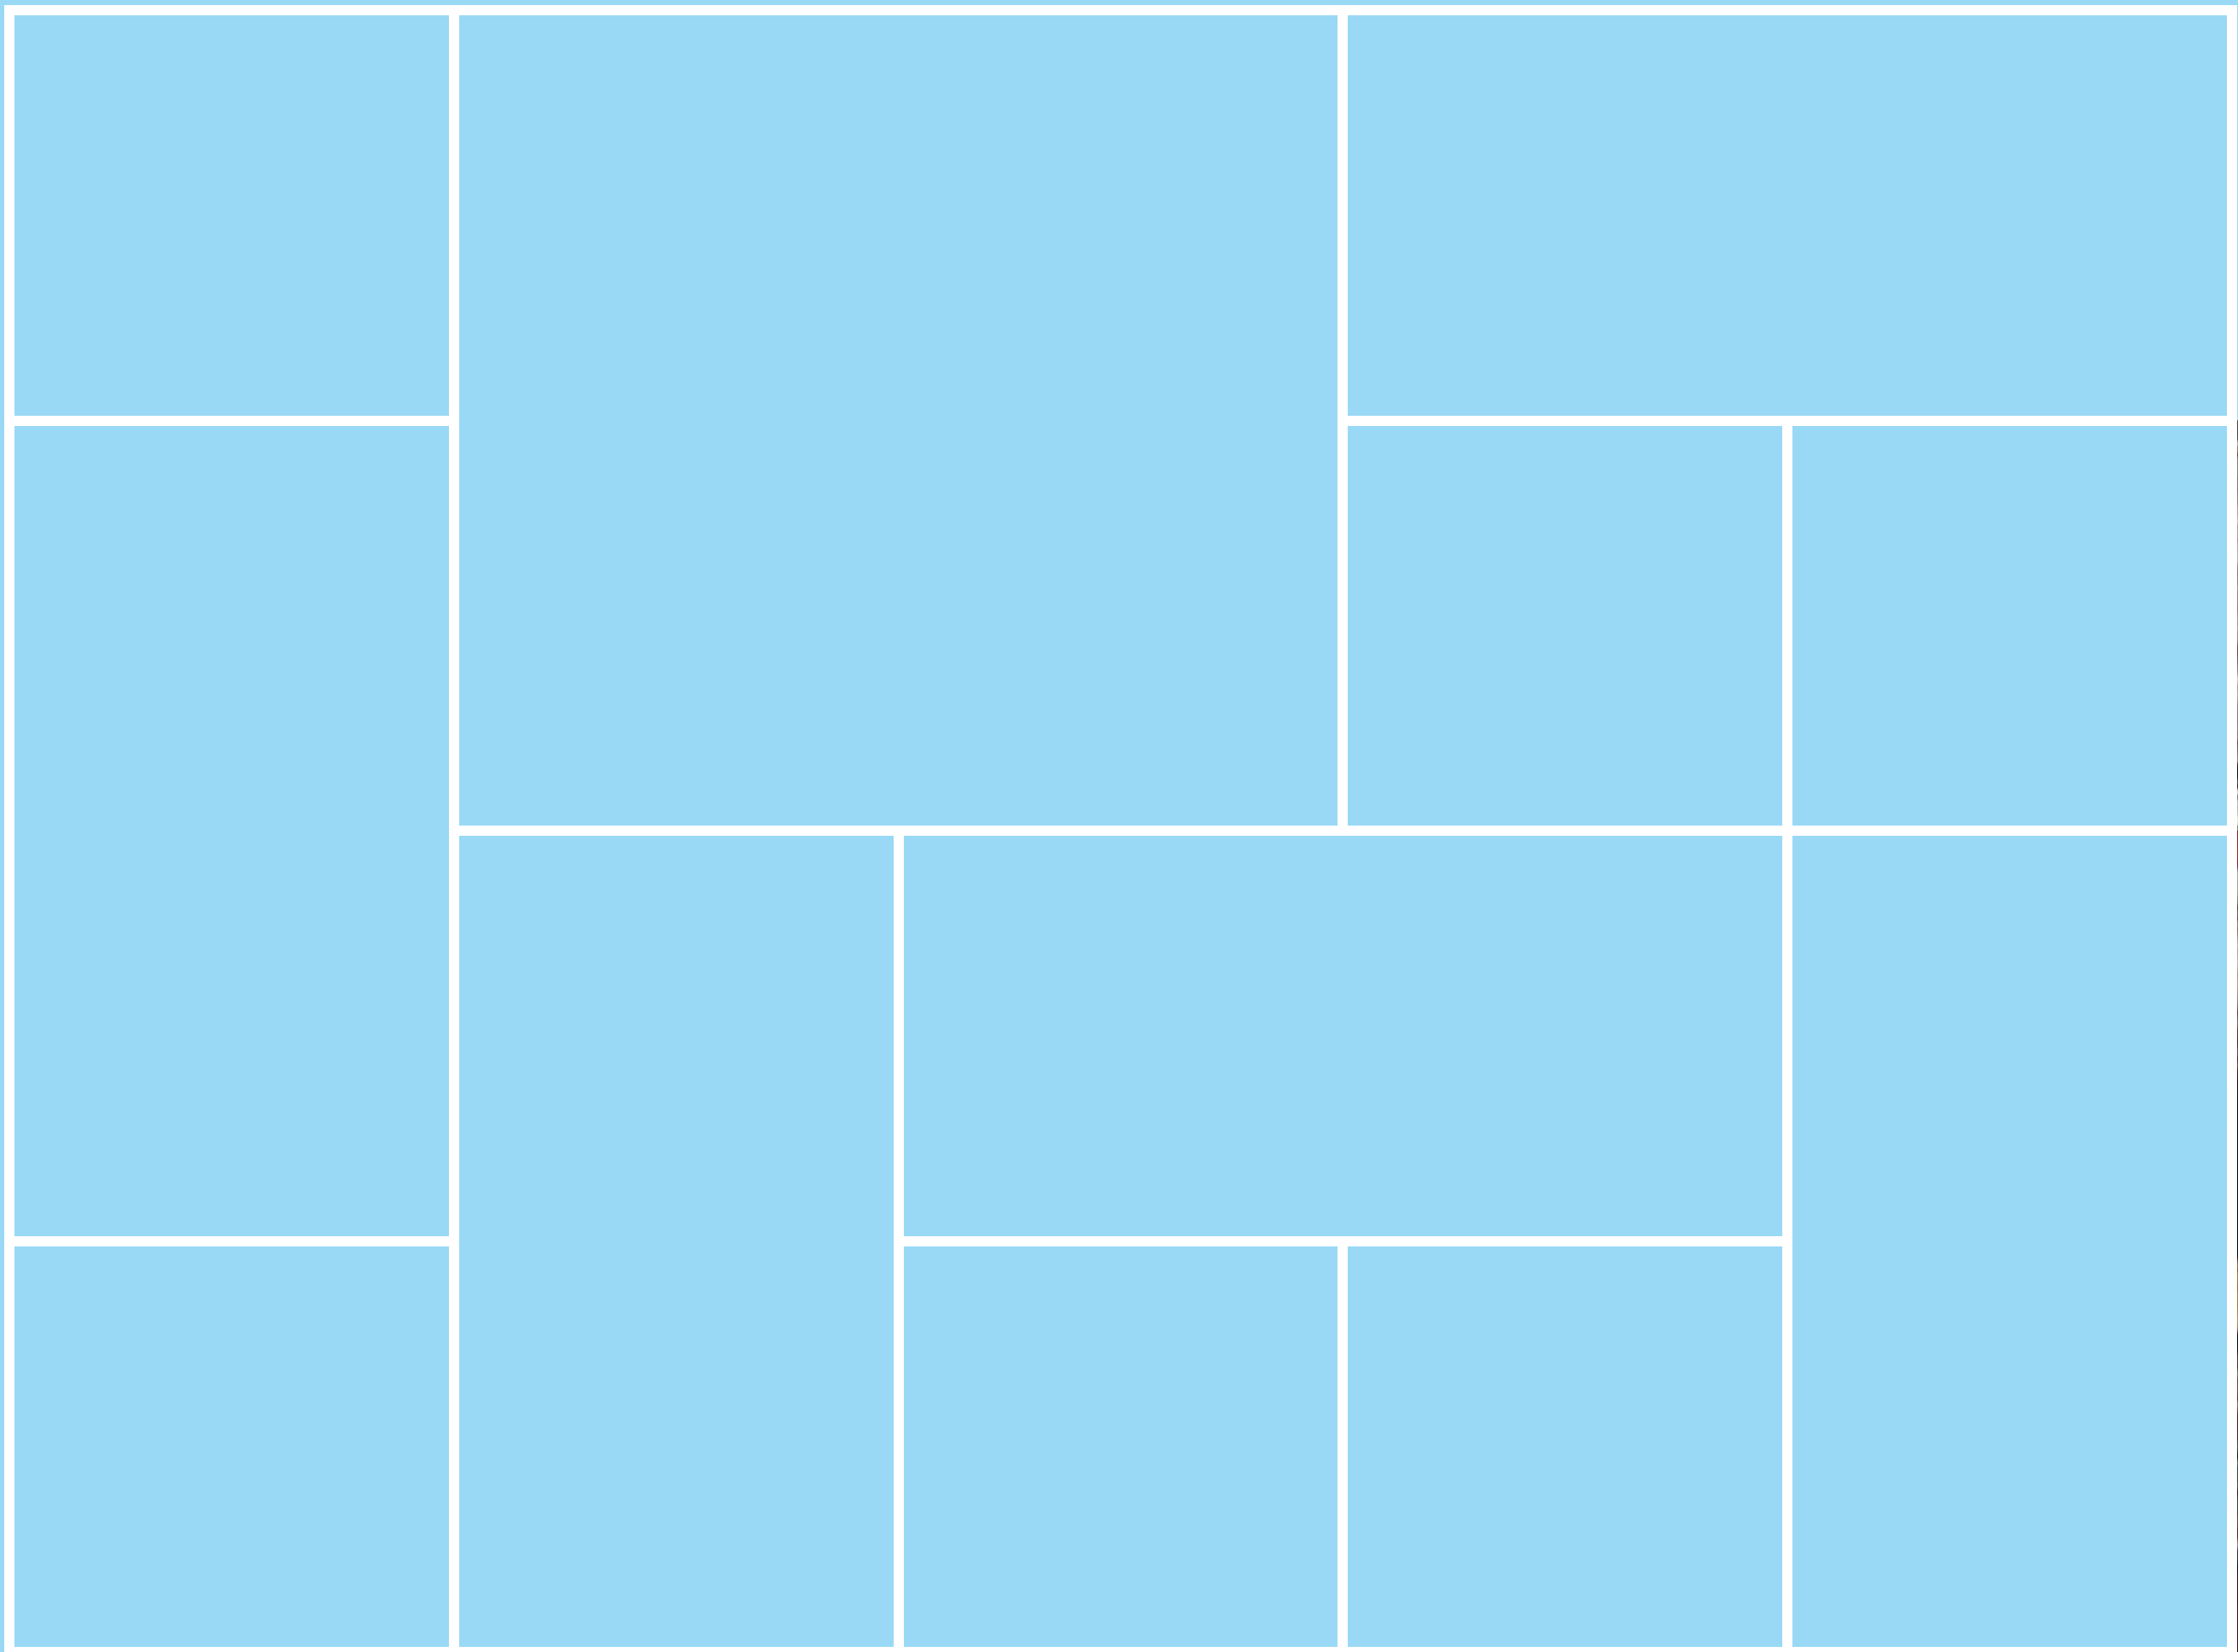

The diving in the Philippines must be seen to be believed. It's just that good. All Star Liveboards offers two trip itineraries – one to the world famous reefs of Tubbataha and one to Apo Reef & Coron. Tubbataha was established as a UNESCO World Heritage Site in 1993 and is located in the middle of the Sulu Sea over 80 miles offshore from Palawan. Tubbataha is comprised of three atolls (North Atoll, South Atoll and Jessie Beazley) and is home to over 350 coral species, 600 species of fish and 100 bird species. These atolls are known for clear water and big creature diving! Whales Sharks, Hammerheads, Tiger Sharks and Manta Rays can all be found in the waters surrounding these three Atolls.

The Apo Reef & Coron itinerary includes a diving adventure to some of the Philippines most famous dive sites. Apo Reef is the second largest atoll in the Philippines and home to nearly a dozen species of sharks, large schools of barracudas and both soft and hard coral gardens. However, the main focus of this itinerary is on the wreck diving in Coron. There are over a dozen World War II Japanese Naval Ships that were sunk in these waters. Many of these wrecks lie in waters as shallow as 30 feet making them perfect for the recreational diver.

Whichever itinerary you choose, All Star - Philippines excursion onboard the Stella Maris is a must.
